*“Our members are already enjoying the benefits that come from being part of the global OYM movement community, with interactive forums, sharing of evolving OYM technology and features that come from the contributions of all of their global clients. We look forward to continuing the strong working relationship we have experienced with OYM into the future.”*

CEO Scouts New Zealand

# Working together to transform your organisation

Our systems, Online Guide Manager, Online Scout Manager and Online Brigade Manager, are already used by more than 100,000 leaders and associations worldwide at head office level. Scouts New Zealand, GirlGuiding New Zealand, Irish Girl Guides and Catholic Girl Guides of Ireland and The Boys' Brigade UK and Republic of Ireland are all part of our extensive network.

Our membership system gives you a full and comprehensive picture of your organisation and its activity so you can:

- ✓ Understand your demographics
- ✓ Access every aspect of your organisations data
- ✓ Easily report on all of all your members' activities and their success
- ✓ Communicate to all of your leaders and their members and parents

Our system is ready to go for any association worldwide.

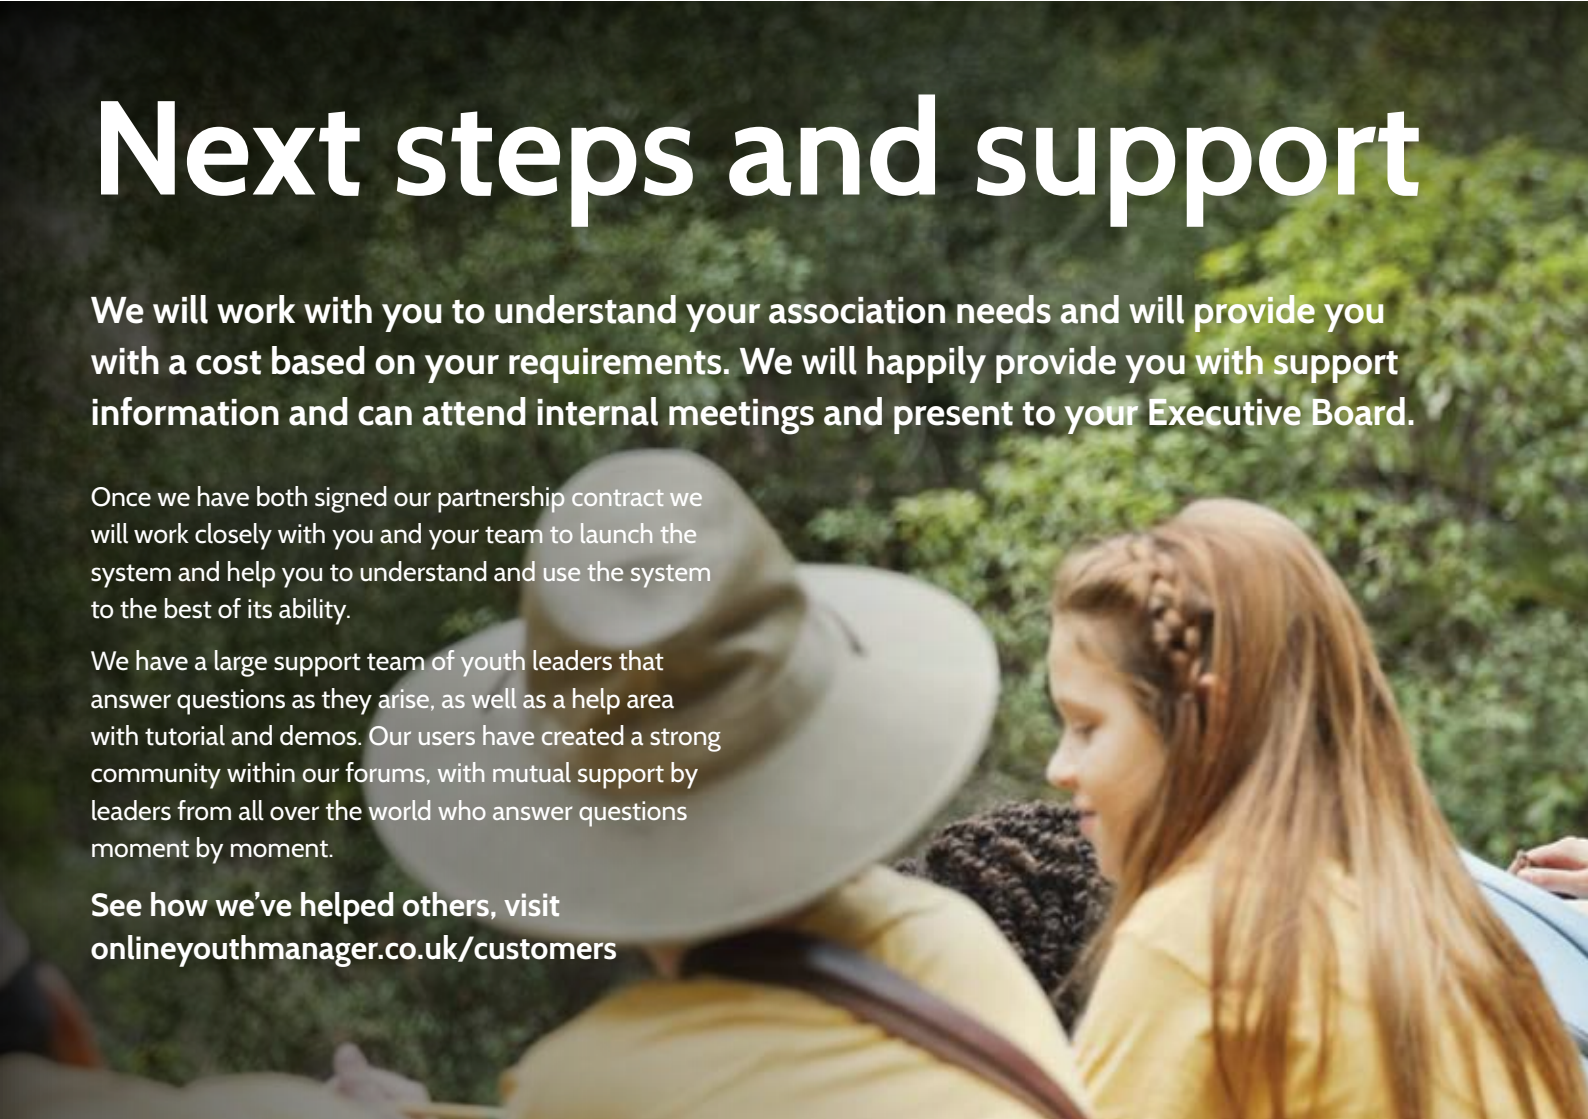

# Next steps and support

**We will work with you to understand your association needs and will provide you with a cost based on your requirements. We will happily provide you with support information and can attend internal meetings and present to your Executive Board.**

Once we have both signed our partnership contract we will work closely with you and your team to launch the system and help you to understand and use the system to the best of its ability.

We have a large support team of youth leaders that answer questions as they arise, as well as a help area with tutorial and demos. Our users have created a strong community within our forums, with mutual support by leaders from all over the world who answer questions moment by moment.

*“Irish Girl Guides and OYM initiated a project to develop a new membership administration system. The result is a fantastic system which allows for interaction between Leaders at unit level, at various hierarchical levels within IGG and at national level on membership information. I would recommend Online Youth Manager to other youth organisations that require membership information across all levels.”*
